

PRIMARY AND SECONDARY

Outreach program

All of our outreach workshops centre around understanding homelessness and challenging misconceptions about those people experiencing homelessness and hardship.

We understand every school is different and offer flexibility in our activity and workshop options in order to best fit with the capacity and curriculum of every school.

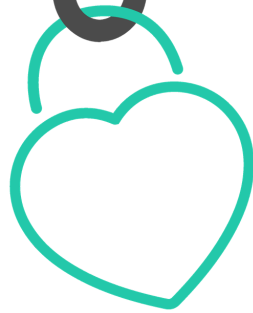

All schools that participate in our outreach program receive a follow up report outlining the impact of their contribution.

- ✔ Collect donations at your school.
- ✔ Our workshops are facilitated by a Blessing Bags Volunteer.
- ✔ Learn about homelessness and how you can help.
